We serve the regional market with our focus lying on being the gateway for goods from Africa to the world and from the world to Africa.

Our incredible journey was started by current CEO and Founder Mr. Saeed Sheikh Abdirahman. The need to solve the many challenges in the logistics industry spurred him to form the company that continues to be a choice favorite for clients seeking stress-free logistics solutions.

We lead from the front with innovative products and services that solve our clients' problems. Our staff bring with them a wealth of experience that - coupled with continuous training - makes us highly competitive. We underline our commitment to excellence in service delivery. This way, we ensure that we are always a cut above the rest.

What is LOGISTICS?

Logistics is the process of planning, implementing, and controlling procedures for the efficient and effective transportation and storage of goods including services, and related information from the point of origin to the point of consumption for the purpose of conforming to customer requirements. This definition includes inbound, outbound, internal, and external movements.

Logistics for effortless business

Logistics is one of the main functions within a company, and the supply chain is a complex and sometime fragile global undertaking dependent on a network of independent, yet interconnected, moving parts. It requires professional management. Supply chain professionals order the product, build it, move it, ship it, distribute it, and drive the coordination processes with marketing, sales, engineering, manufacturing, finance, and information technology. In short, they make any business endeavours seem effortless.

“
**There is no
cargo too big
nor too small
for us...**
”

The birth of SIDOMAN INVESTMENT LTD stemmed from a vision of a company that would offer logistics solutions for all sizes of business ventures - from small traders to large corporations.

I am proud to see how that vision has blossomed into the great company that we have today. Shipping of goods from overseas was once a preserve of large corporations, but with the helping hand of Sidoman, small and medium enterprises can now safely ship goods with the comfort of knowing all possible risks are eliminated. Our guiding phrase is that there is no cargo too big nor too small for us, we always “deliver”.

In this continually evolving global marketplace, our clients are more informed than ever about their requirements for a logistics solutions provider. It is our hope that they will continue to choose Sidoman Logistics as their partner of choice when it comes to matters logistics.
